JOURNEYMAN

Heat and Frost Insulators Local 12

Completed apprenticeship in 2013

Bronx resident

“After my graduation from high school, I became an apprentice and member of Heat and Frost Insulators Local 12, where I’m now a journeyman. If you stay on top of your game, it’s a great opportunity. I’m 24 years old and happy to be buying a home with my mother and sister.”

Without my career in union construction, I wouldn’t be able to do that.”

This is what union construction looks like.

Shouldn't it be what all construction looks like?
